

IN-LINE WATER SOFTENER

Thank you for selecting this quality GRIOT'S product. Please use these easy-to-follow instructions to achieve the best results. The **IN-LINE WATER SOFTENER** uses color-changing resin to filter tap water for a spot free rinse. This resin changes from green to purple to signal when replacement is due. Contact your local water company or use a TDS meter to estimate the expected yield of gallons from the **IN-LINE WATER SOFTENER**.

(Parts Per Million)	(Gallons Yielded)
50	396
100	198
200	99
300	66
400	49
500	40

**WATER SOFTENER
CANISTER**

WHAT'S INCLUDED

A. 1- Male Faucet Connector
B. 1- Kink-Free Hose

C. 1- Double Female Brass Fitting
D. 3- Quick-Connect Fittings

ASSEMBLY AND INSTALLATION INSTRUCTIONS

- Step 1: Attach the Male Faucet Connector to the water spigot.
 Step 2: Attach the Double Female Brass Fitting to the male end of the Kink Free Hose.
 Step 3: Attach a Quick-Connect Fitting to both ends of the Kink Free Hose.
 Step 4: Connect the **IN-LINE WATER SOFTENER** Canister to one end of the Quick Connect Fittings on the Kink-Free Hose.
 Step 5: Attach the last Quick-Connect Fitting to the female end of your water hose.
 Step 6: Attach the Quick-Connect Fitting (with the filter assembly and fittings) to the Male Faucet Connector.
 Step 7: Finally, attach the Quick-Connect Fitting that is attached to your water hose to the end of the Water Softener Canister.

PRECAUTIONS AND DISCLAIMER

Our filter only removes mineral content from the water. Organic matter is removed to a lesser extent, so we do not recommend its use for drinking water. GRIOT'S GARAGE is not responsible for any misuse of the **IN-LINE WATER SOFTENER** or for any injury or damage incurred to any person or object related to the **IN-LINE WATER SOFTENER**.
